

1. Locate your school's online catalog on your computer. Search for the title or author you wish. Be sure to put a check in the eBooks box.

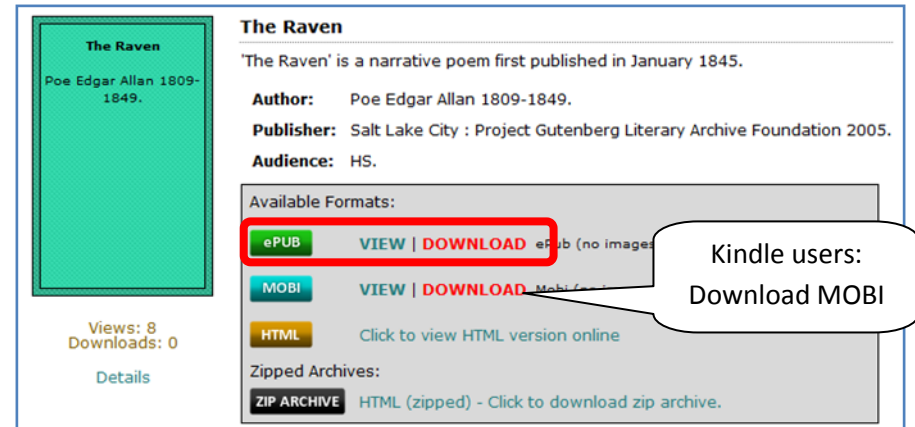

2. On the results screen, you'll see the eBooks on the right.

You can hover your mouse over the book jackets to see information about each book or click to see a detailed list of all the titles.

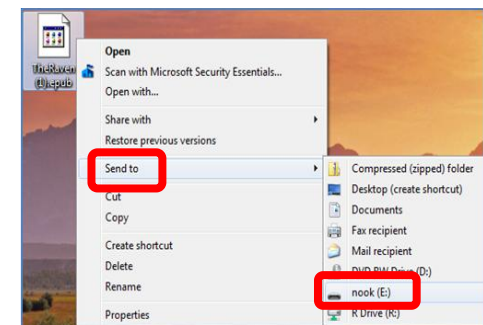

3. Click on the book you want. The record will display.

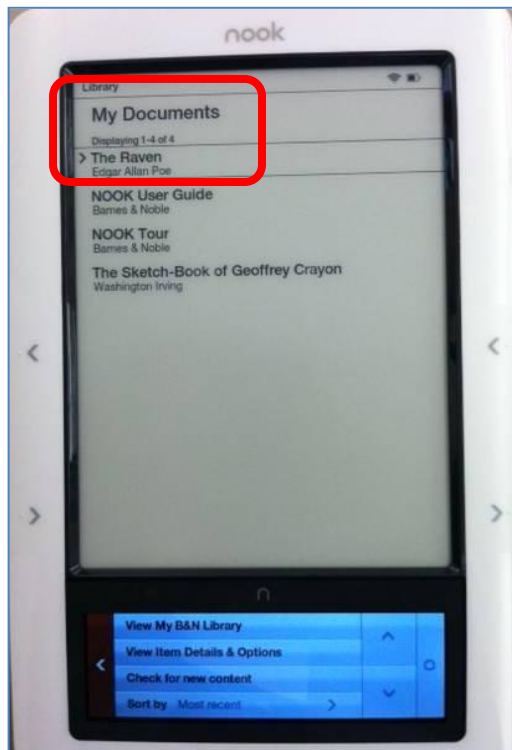

4. Click on the word DOWNLOAD next to the ePUB icon.
NOTE: If you are using a Kindle, you must download the MOBI file.
5. Your eBook is now on your computer. The location will vary depending on your browser. In most cases, it will be on your desktop or in the Downloads folder.
6. Verify your eReader is plugged into your computer.
7. When you locate the eBook file,

PC users: RIGHT click on the file for options. Select Send to > Nook (or whatever your device is called.)

MAC users: Drag the eBook file to the reader icon on your desktop.

8. The eBook is now on your eReader. Depending on your reader, you'll either find it in with your other books or under My Documents.

Downloading an eBook to a Nook, Kindle or other eReader
